Independent Auditors' Report

The Board of Directors
CC-Palo Alto, Inc. and Subsidiary:

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of CC-Palo Alto, Inc. and subsidiary, which comprise the consolidated balance sheets as of December 31, 2014 and 2013, and the related consolidated statements of operations, changes in stockholders' deficit, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of CC-Palo Alto, Inc. and subsidiary as of December 31, 2014 and 2013, and the results of their operations and their cash flows for the years then ended, in accordance with U.S. generally accepted accounting principles.

Other Matters

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplementary information included in Form 5-1 through Form 5-5 is presented for purposes of additional analysis and for compliance with the requirements of the California Health and Safety Code Section 1792 and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

CC-PALO ALTO, INC. AND SUBSIDIARY

Notes to Consolidated Financial Statements

December 31, 2014 and 2013

(1) Purpose and Organization

The accompanying consolidated financial statements include the accounts of CC-Palo Alto, Inc. (the Company) and its consolidated affiliate, Palo Alto Care Center, Inc. The Company and Palo Alto Care Center, Inc. are both subsidiaries of CC-Development Group, Inc. (Parent).

The Company, a Delaware corporation, was incorporated on June 23, 1999 for the purpose of developing, owning, and operating a 494-unit senior living community (the Community) in Palo Alto, California. The Community comprises 388 units of independent living and a 106-unit care center that includes units of assisted living, memory support, and skilled nursing. The independent living component of the community opened in 2005, followed by the assisted living, memory support, and skilled nursing units of the care center in 2006.

Palo Alto Care Center, Inc. was incorporated for the purpose of owning the care center and leasing it back to the Company. The Company applies Accounting Standards Codification (ASC) Subtopic 810-10, *Consolidation – Overall*, to its variable interest in Palo Alto Care Center, Inc., whereby the entity is consolidated with the Company due to the Company's controlling financial interest in Palo Alto Care Center, Inc.

All significant intercompany balances and transactions have been eliminated in consolidation.

(2) Summary of Significant Accounting Principles

(a) Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(b) Cash and Cash Equivalents

Cash and cash equivalents include investments in highly liquid instruments with original maturities of three months or less, excluding amounts limited as to use.

(c) Fair Value Measurements

The Company applies the provisions of Accounting Standards Update (ASU) 2010-06, *Improving Disclosure about Fair Value Measurements* (ASU 2010-06). ASU 2010-06 amends ASC Subtopic 820-10, *Fair Value Measurements – Overall*, to provide additional disclosure requirements for transfers into and out of Levels 1 and 2 and for activity in Level 3 and to clarify other existing disclosure requirements.

ASC Subtopic 820-10 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC Subtopic 820-10 also establishes a framework for measuring fair value and expands disclosures about fair value measurements.

CC-PALO ALTO, INC. AND SUBSIDIARY

Notes to Consolidated Financial Statements

December 31, 2014 and 2013

ASC Subtopic 820-10 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.

Level 2 inputs are observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 inputs are unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

In estimating the fair value of its financial instruments, the Company determined the carrying amounts reported in the consolidated balance sheets for cash and cash equivalents and assets limited as to use approximate fair value because of the short maturities of these instruments and are considered Level 1 investments within the fair value hierarchy.

(d) *Assets Limited as to Use*

Assets limited as to use include restricted resident deposits, assets held in escrow under state statutes, assets held by the Company under Ground Lease Agreement (note 5), and assets set aside by the Company for the Community's operations and capital improvements, in accordance with the Company's policies. Restricted resident deposits represent good faith deposits received by the Company upon the commitment of prospective residents to enter into a residency agreement. Assets held in escrow under state statutes represent funds designated to establish certain entrance fee repayments, debt service, and operating reserves as required by the State of California. The amounts held in escrow under this requirement are comprised entirely of cash and cash equivalents. Assets held by the Company under Ground Lease Agreement represent funds designated to secure payments under the ground lease (note 5). Assets held for operations are for funding operating reserves over which the Company retains control and may use in accordance with the Company's policies. Assets limited as to use for capital improvements represent funds designated by the Company for acquisition of property and equipment, in accordance with the Company's policies.

(e) *Property and Equipment*

Property and equipment are stated at cost. Depreciation is calculated on the straight-line method over the estimated useful lives of the assets ranging from 4 to 40 years. Construction in progress at December 31, 2014 relates to costs associated with renovations that will be placed in service during 2015. No significant contractual commitments exist related to these renovations as of December 31, 2014.

CC-PALO ALTO, INC. AND SUBSIDIARY

Notes to Consolidated Financial Statements

December 31, 2014 and 2013

(f) *Impairment of Long-Lived Assets*

Long-lived assets, such as property and equipment, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable.

Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset. Assets to be disposed of would be separately presented in the consolidated balance sheet and reported at the lower of the carrying amount or fair value less costs to sell, and are no longer depreciated. The Company does not believe that there are any factors or circumstances indicating impairment of its property and equipment as of December 31, 2014 or 2013.

(g) *Costs of Acquiring Initial Continuing Care Contracts*

Costs of acquiring initial continuing care contracts (the Costs) consist principally of marketing and advertising costs incurred directly in relation to the initial acquisition of continuing care contracts. In accordance with ASC Subtopic 720-35, *Advertising Costs*, the Company capitalizes costs incurred in connection with direct response advertising whose primary purpose is to secure deposits from residents who are shown to have responded specifically to the advertising. Such advertising costs include newspaper, magazine, television, radio, brochures, and other costs. The Costs are amortized using the straight-line method over the expected stay at the community of the first resident group, beginning in the first period in which revenues associated with the costs are earned. Upon occupancy of the first resident group, additional costs are expensed as incurred. The Costs are shown net of accumulated amortization of \$19,325,785 and \$17,301,126 at December 31, 2014 and 2013, respectively.

(h) *Obligation to Provide Future Services*

The Company annually calculates the present value of the estimated net cost of future services and the use of facilities to be provided to current residents and compares that amount with the balance of unearned revenue from entrance fees. If the present value of the net costs of future services and the use of facilities exceeds the unearned revenue from entrance fees, a liability is recorded (obligation to provide future services) with the corresponding charge to income. The obligation is discounted at 5.0%, based on the expected long-term rate of return. The present value of the net cost of future services and the use of facilities was less than the deferred revenue from entrance fees at December 31, 2014 and 2013, and accordingly, no obligation to provide future services has been recognized in the accompanying consolidated balance sheets.

(i) *Repayable Entrance Fees*

Residents enter into a residency agreement with the Company that requires the payment of a one time entrance fee. Upon termination of the residency agreement, residents are entitled to a repayment of the portion of the entrance fee that has not been earned by the Company, payable upon the sooner of reoccupancy of the unit or 10 years after the unit is made available. The Company earns 2% of the fee per month up to a maximum of 100%, 30%, 25%, 20%, or 10% dependent on the contract provisions of the residency agreement. The Company amortizes the nonrepayable portion of the entrance fee over the estimated life of the residents. The Company has recorded the repayable portion of the entrance

Notes to Consolidated Financial Statements

December 31, 2014 and 2013

fees separately from the nonrepayable portion within the accompanying consolidated balance sheets. If all contracts terminated on December 31, 2014, the repayable portion of the entrance fees due to all residents would be approximately \$462,502,000.

(j) *Net Resident Service Revenue*

Resident revenue related to independent living units, assisted living units, memory support units, and non-Medicare skilled care units is recognized on a fee-for-service basis in the month in which occupancy and services are provided. Net resident service revenue related to Medicare skilled care units is reported at the estimated net realizable amounts from residents and third-party payors. During 2014, the Company determined that it would return a portion of its excess cash flows generated from operations back to its residents as a reduction of monthly fees in the amount of \$2,879,991. Of this amount, \$1,033,543 is reflected as prepaid resident service revenue in the accompanying 2014 consolidated balance sheet.

(k) *Ground Lease Participating Rent*

Pursuant to its Ground Lease Agreement with The Board of Trustees of the Leland Stanford Junior University (note 5), beginning with initial occupancy of the Community, the Company pays a percentage of all gross receipts to Stanford University, as defined in the Ground Lease Agreement. Gross receipts include net resident service revenue, other income, and proceeds from entrance fees net of certain refunds. The payments are recognized as expense in their entirety in the period in which the related net resident service revenue and other income are recognized, and in the period in which the proceeds from entrance fees are received.

(l) *Income Taxes*

The Company is included in the consolidated income tax return of its Parent. The Company uses the separate return method of determining its provision for income taxes. The consolidated financial statements reflect the provision for income taxes as if the Company were a separate taxpayer and a stand-alone enterprise. Accordingly, the consolidated financial statements may reflect tax attributes that may not exist in the Parent's consolidated income tax return. A valuation allowance on deferred tax assets is assessed using the sources of future taxable income available only to the Company.

Deferred income taxes are recognized for the tax consequences of "temporary differences" by applying enacted statutory tax rates applicable to future years to differences between the financial statement carrying amounts and the tax bases of existing assets and liabilities. The effect on deferred income taxes of a change in tax rates is recognized in income in the period that includes the enactment date.

The Company accounts for tax provisions in accordance with ASC Topic 740, *Income Taxes*. ASC Topic 740 clarifies the accounting for uncertainty in tax positions and also provides guidance on when the tax positions are recognized in an entity's financial statements and how the values of these positions are determined. The Company has recognized no liabilities as of December 31, 2014 and 2013 related to uncertain tax positions.

(m) *Reclassifications*

Certain 2013 amounts have been reclassified to conform to the 2014 financial statement presentation.

CC-PALO ALTO, INC. AND SUBSIDIARY

Notes to Consolidated Financial Statements

December 31, 2014 and 2013

(n) Subsequent Events

In connection with the preparation of the consolidated financial statements and in accordance with ASC Topic 855, *Subsequent Events*, the Company evaluated subsequent events after the consolidated balance sheet date of December 31, 2014 through April 13, 2015, which was the date the consolidated financial statements were available to be issued.

(3) Concentration of Credit Risk

The Company grants credit to its self-pay residents as well as those that are insured under third-party payor agreements. The mix of receivables from patients and third-party payors as of December 31, 2014 and 2013 is as follows:

	<u>2014</u>	<u>2013</u>
Medicare	56%	55%
Self-pay and commercial insurance	44	45
	<u>100%</u>	<u>100%</u>

(4) Assets Limited as to Use

The Company reports investments in equity securities with readily determinable fair values and all investments in debt securities at fair value. Fair value is determined primarily on the basis of quoted market prices or observable market inputs. Money markets, certificates of deposit, and U.S. Treasury securities are considered cash equivalents and are considered Level 1 investments within the fair value hierarchy. Investment income or loss (including realized gains and losses on investments, changes in unrealized gains and losses on trading securities, interest, and dividends) is reported as investment return in the accompanying consolidated statements of operations. All assets limited as to use are considered by management to be trading securities.

A summary of the composition of the Company's investment portfolio at December 31, 2014 and 2013 is as follows:

	<u>2014</u>	<u>2013</u>
Cash	\$ 4,520,449	3,858,678

	<u>\$ (62,334)</u>	<u>31,233</u>

(5) Ground Lease

On August 1, 2000, the Company entered into a 75-year Ground Lease Agreement with The Board of Trustees of the Leland Stanford Junior University (Lessor). During the construction period, the lease called for monthly payments of \$125,000 plus annual Consumer Price Index (CPI) increases. The lease payments began with the commencement of the construction of the Community in July 2003. After initial occupancy, the monthly payments reset to \$125,000 and are adjusted every five years to reflect increases in CPI; the maximum CPI increase is 7% for a five-year period. The monthly payments for the years ended December 31, 2014 and 2013 totaled \$1,605,000. The ground lease also requires participating rent of approximately 6% of all gross receipts, payable monthly beginning with the initial occupancy, as defined.

In February 2002, the Company paid a \$1,000,000 deposit as required by the Ground Lease Agreement. The Ground Lease Agreement also requires that the Company maintain a letter of credit in the amount of \$6,000,000 as security for the Company's performance of its obligations under the lease.

CC-PALO ALTO, INC. AND SUBSIDIARY

Notes to Consolidated Financial Statements

December 31, 2014 and 2013

(6) Income Taxes

The operating results of the Company are included in the Parent's consolidated federal income tax return. The Company is party to a tax sharing agreement that provides that, among other things, the Company shall not be entitled to any reimbursement for utilization of its tax attributes in the consolidated federal income tax return of the Parent. The tax sharing agreement also provides that the Company shall not be entitled to any reimbursement for utilization of its tax attributes in the various combined state income tax returns of the Parent and its subsidiaries. The Company is required to pay the Parent for any tax liability that may arise from its operations, computed on a separate return basis. For the years ended December 31, 2014 and 2013, the Company sustained losses for federal and state income tax purposes. Accordingly, the current tax benefit attributable to the Company in the Parent's income tax return, as required pursuant to the provision of ASC Topic 740, has been eliminated through an adjustment to stockholders' deficit.

The income tax benefit for the years ended December 31, 2014 and 2013 comprises the following:

	<u>2014</u>	<u>2013</u>
Current:		
U.S. federal	\$ (2,182,715)	(2,041,725)

CC-PALO ALTO, INC. AND SUBSIDIARY

Notes to Consolidated Financial Statements

December 31, 2014 and 2013

The tax effects of temporary differences that give rise to significant portions of the deferred tax assets and deferred tax liabilities at December 31, 2014 and 2013 are presented below:

	<u>2014</u>	<u>2013</u>
Deferred tax assets:		
Deferred revenue from nonrefundable entrance fees	\$ 15,282,903	14,758,280
Other	1,266,422	685,251
Net operating loss carryforwards – state	<u>296,135</u>	<u>296,135</u>
Gross deferred tax assets	16,845,460	15,739,666
Less valuation allowance	<u>(296,135)</u>	<u>(296,135)</u>
Net deferred tax assets	<u>16,549,325</u>	<u>15,443,531</u>
Deferred tax liabilities:		
Depreciation	(6,767,595)	(5,975,874)
Costs of acquiring initial continuing care contracts	<u>(2,024,973)</u>	<u>(2,849,940)</u>
Gross deferred tax liabilities	<u>(8,792,568)</u>	<u>(8,825,814)</u>
Total deferred tax asset, net	\$ <u>7,756,757</u>	<u>6,617,717</u>

As of December 31, 2014 and 2013, a valuation allowance of \$296,135 is considered necessary as management believes that it is more likely than not that the results of future operations will not generate sufficient taxable income to realize the deferred tax asset as it relates to state net operating loss carryforwards.

Income tax benefit was \$3,701,940 and \$2,545,391 for the years ended December 31, 2014 and 2013, respectively, and differed from the amounts computed by applying the U.S. federal income tax rate of 35% to pretax income from continuing operations as a result of the following:

	<u>2014</u>	<u>2013</u>
Computed “expected” tax benefit	\$ (3,298,826)	(2,297,871)
Change in income tax benefit resulting from:		
State and local income taxes, net of federal income tax expense	(407,748)	(252,034)
Other, net	<u>4,634</u>	<u>4,514</u>
	\$ <u>(3,701,940)</u>	<u>(2,545,391)</u>

(7) Transactions with Related Parties

The Company entered into a management agreement dated August 1, 2000 between the Company and Classic Residence Management Limited Partnership (Classic), an affiliate of the Company, whereby Classic manages the operations of the Company. The agreement is for a term of 55 years and requires the Company to pay an annual management fee equal to 8% of annual resident service revenue excluding certain items as defined in the management agreement. The Company incurred management fee expense of \$3,069,083 and \$3,200,185 for the years ended December 31, 2014 and 2013, respectively.

CC-PALO ALTO, INC. AND SUBSIDIARY

Notes to Consolidated Financial Statements

December 31, 2014 and 2013

Classic also contracts with third parties on behalf of the Company to provide property, health, and liability insurance, and various marketing and other services. Classic advances the funds to the third parties on behalf of the Company. Such advances amounted to \$4,941,965 and \$5,369,079 for the years ended December 31, 2014 and 2013, respectively. There is no interest associated with these advances as they are reimbursed on a current basis. Amounts due to Classic of \$527,347 and \$646,999 at December 31, 2014 and 2013, respectively, are reflected as due to affiliate in the accompanying consolidated balance sheets.

(8) Defined Contribution Plan

The employees of the Company participate in a savings plan (the Plan) administered by Classic. The Plan is qualified under Section 401(k) of the Internal Revenue Code for all full-time employees who are 21 years of age with six months of service. The Plan allows eligible employees to defer up to 25% of their income on a pretax basis through contributions to the Plan. In accordance with the provisions of the Plan, for every dollar up to 4% of a participant's salary, the Company matches each participant's contribution in an amount equal to 100% of the participant's deferral. For every dollar in excess of 4% of a participant's salary and limited to 6% of a participant's salary, the Company matches each participant's contribution in an amount equal to 50% of the participant's deferral. For the years ended December 31, 2014 and 2013, the Company recorded matching contribution expense of \$341,284 and \$282,119, respectively. Contributions are funded on a current basis.

(9) Commitments and Contingencies

(a) State Regulatory Requirements

The Company is subject to regulatory requirements as set forth by the Department of Social Services in the State of California. Such requirements set forth the establishment of a restricted cash escrow account for resident deposits until execution of the residency agreement (note 2) and the submission of schedules detailing the availability of debt service and operating expense reserves.

(b) Federal Regulatory Compliance

The laws and regulations governing the Medicare programs are extremely complex and subject to interpretation, making compliance an ongoing challenge for long-term care organizations. Recently, the federal government has increased its enforcement activity, including audits and investigations related to billing practices, clinical documentation, and related matters. The Company maintains a compliance program designed to educate employees and to detect and correct possible violations.

(c) Internal Revenue Service Audit

The Company is currently undergoing audits by Internal Revenue Service for its tax years ended December 31, 2011, 2010, and 2009. Management anticipates the audits will be resolved without material adverse effect on the Company's consolidated financial position, results of operations, or cash flow.

Notes to Consolidated Financial Statements

December 31, 2014 and 2013

(d) Real Estate Tax Assessment

The Company is contesting the real estate taxes for each year from November 2005 and forward. On April 1, 2011, the Santa Clara County Assessor issued a notice of intent to seek a further increase in the total assessed value of the Community for the period of time from November 2005 through June 2008. On April 18 – 20, 2011, a hearing was held by the County's Assessment Appeals Board covering the period from November 3, 2005 through June 30, 2008. On March 6, 2012, the Assessment Appeals Board rendered its decision increasing the base-year value of the real property to \$480,000,000, an amount in excess of the valuation that was being sought by the County Assessor. The Company has challenged this decision through the filing of a complaint with the Superior Court of Santa Clara County. The Company has been billed in arrears based on the increased assessed value during the period under question. The incremental real estate taxes due through December 31, 2012 as a result of the decision by the Assessment Appeals Board approximate \$11,808,000. During 2014 and 2013, the Company paid \$2,159,008 and \$3,172,353, respectively, related to the increased assessment. The remaining balance is due in three equal annual installments of \$2,159,008. This amount is included with accrued expenses in the accompanying December 31, 2014 consolidated balance sheet. The Company intends to vigorously pursue a reduction in the assessed value.

(e) Contingency

On February 19, 2014, a class action complaint was filed against the Company, Classic and the Parent. The Complaint was dismissed on November 25, 2014. On December 10, 2014, the First Amended Complaint (FAC) was filed. In addition to the Corporate defendants, the FAC purports to add former and current members of the Board of Directors of CC-Palo Alto, Inc. as individual defendants. The FAC alleges concealment, negligent misrepresentation, breach of fiduciary duty and constructive trust, financial abuse of elders, violation of California Civil Code §§ 1750, et seq., violation of California Business and Professions Code §§ 17200, et seq., and breach of contract. No class has yet been certified. No estimate of potential loss can be made, and no amounts have been recognized in the accompanying consolidated financial statements related to a loss contingency. The Company is seeking a dismissal of the complaint and believes that the matter will be resolved without material adverse effect on the Company's financial position, results of operations, or cash flows.

COMMENTS FROM PROVIDER:

- > Note: If you sign a continuing care residency contract, your monthly fee for assisted living, memory care, or skilled nursing will be based on your monthly fee for your residential living apartment. The dollar amounts shown are the average monthly fees paid by existing residents as of December 31st of each year.
- > The % column reflects the percentage increase over the prior year's monthly fee that was applied to the monthly fees of existing residents.

Form 7-1 Explanation for Increase in Monthly Service Fees

Each monthly service fee increase is based on projected expenses, prior year expenses and economic indicators. As with most businesses, we are faced with rising costs for utilities, insurance and personnel. To maintain the high level of quality and services expected of our brand, the following increases were implemented:

IL 3.0%

AL 3.0%

SNF 3.0%
